MONMOUTH COUNTY POLICE ACADEMY

A Division of the Monmouth County Sheriff's Office

**PROUDLY SERVING LAW ENFORCEMENT AS THE ONLY
CALEA ACCREDITED PUBLIC SAFETY TRAINING ACADEMY
IN THE STATE OF NEW JERSEY**

The Monmouth County Sheriff's Office Situational Training and Response Simulator, also known as the STARS Facility, located in Freehold, is a premiere training facility used by our public safety partners in Monmouth County and throughout the State of New Jersey. The facility provides de-escalation training for Basic Police Recruits to Veteran Police Officers.

The STARS building includes a state of the art decision making and tactical firearms simulator, equipped with various types of scenarios. Additionally, the facility contains a multi-screen Driving Simulator for Police Officers, EMS and Hazmat personnel.

Our Situational Training and Response Simulator (STARS) facility was established to assist All Law Enforcement and First Responders with Virtual and hands-on training. Recruits and veteran officers go through hours of Use of Force, Defense Tactics, De-Escalation and Active Shooter training, prior to any of the Virtual Simulation training.

There is a Domestic Violence Response Training area, Correctional housing unit, K9 agility course, School Bus and a school classroom area for Active Shooter incident scenario training.

On behalf of all our public safety partners, we thank the Monmouth County Board of Chosen Freeholders for this continued initiative. It would not be possible without their commitment and support of this project.

We are confident that this exciting effort will help us address public safety challenges with which our first responders encounter, as they maintain the safety and security of our residents in the County of Monmouth and throughout the State of New Jersey.

2020 POLICE TRAINING COURSE CATALOG

INTRODUCTION

Whether you are looking to begin your law enforcement career or take it to the next level, the Monmouth County Police Academy has a full array of quality training programs to assist you. Today's law enforcement officer is the best trained and best equipped of any in history.

Basic training programs are the first step for many individuals who attend the Academy. They provide more than a foundation and initiation into law enforcement – they are a rite of passage into an elite “fellowship” of dedicated, professional and unselfish public servants.

Successful completion of a basic course requires trainees to put forth maximum effort and tests whether they have what it takes to be effective, professional law enforcement officers. Basic training is not easy – it is not intended to be easy.

In addition, the Academy is also a place for seasoned police officers to keep their skills contemporary by taking courses that will help them advance in their careers.

Not everyone has what it takes to become a law enforcement officer. If you have the desire, dedication and motivation to overcome the challenges, upon successful completion of these courses you will feel a sense of pride you will rarely, if ever, experience again.

Thousands of officers have gone through this Academy. Trainers and Academy staff provide you with the tools to lead you along the way. The rest is up to you.

Mission Statement

The Monmouth County Police Academy is a Regional Law Enforcement Training Academy operating under the direction of the Monmouth County Sheriff, and the Academy Board of Directors.

The Monmouth County Police Academy is the only Police Academy in the State of New Jersey to receive the Gold Standard in Public Safety from the Commission on Accreditation for Law Enforcement Agencies (CALEA).

The Monmouth County Police Academy offers basic recruit classes for many branches of law enforcement; we offer a wide variety of in-service training to meet the needs of the law enforcement community and prepare both recruits and seasoned officers to meet the challenges of today and tomorrow.

Our mission is to provide the most knowledgeable, experienced staff to deliver the latest in training and technology to our recruits and in-service clients in a professional manner.

Professionalism, Character, Pride and Leadership are key words in our daily activities as we strive to develop and strengthen the mind and body of both the recruit and the veteran officer.

History and Tradition of the Monmouth County Police Academy

Recognizing the need for professional, well-trained police officers, the Monmouth County Board of Chosen Freeholders, in cooperation with the Monmouth County Police Chiefs Association and the Monmouth County Prosecutor, established the Monmouth County Police Academy in 1963. The Police Academy opened at its current location in 1985 and became a division of the Monmouth County Sheriff's Office in 2011.

The Academy conducts basic training courses for regular police officers, Class II Special Police Officers, Class I Special Police Officers, County Corrections Officers and County Park Rangers. The Academy also conducts and/or hosts in-service training courses for veteran law enforcement officers. Additionally, the Academy hosts outside instructors and companies to provide the best national and international programs for the local law enforcement community.

The Monmouth County Police Academy prides itself in being recognized as one of the premier regional law enforcement training facilities anywhere. Thousands of police officers from New Jersey and other states have undergone basic training, and in-service training, at the Academy and have continued on to distinguish themselves with pride, professionalism and integrity during their respective careers.

Emergency Contact Information:

- The Monmouth County Police Academy is located at 2000 Kozloski Road in Freehold Township. The main phone number is 732-577-8710 and the fax number 732-577-8722.
- Incoming calls to Academy trainees should be restricted to emergencies (illness, accident, death, etc.). Emergency messages will be delivered to a trainee immediately. For basic courses, the Platoon Leader will check the bulletin board during the breaks and deliver the messages to the trainees.
- Important note: If a trainee needs to telephone the Academy to report any lateness, absence, emergency or other problem, and is not able to speak to someone in person, the trainee shall leave a message on the Training Officer's telephone answering system. The trainee shall then contact his/her Squad Leader or Platoon Leader who will ensure a personal notification to the Academy at the earliest opportunity. In addition, the trainee shall contact his/her respective agency.

Emergency Closings

There may be times when an emergency, such as severe weather, fire or a power failure, disrupts normal business operations of Monmouth County government. While the County of Monmouth has essential facilities and operations that operate around the clock, it may on occasion be necessary to close or delay the opening of other non-essential offices and operations.

A closure, early closure or delayed opening may be implemented to provide additional time to facilitate the clearing of roads, parking lots and sidewalks for employee and public access to County facilities.

If County Administration makes a decision to close or to delay opening of County operations, applicable information will be posted on the County website, intranet and social media accounts. Also, County Administration will ask local radio stations to announce the closing.

Course Information

In-Service training courses held at the academy will have specified classroom hours contained within the course postings. Hours for the Basic Course for Police Officers will accompany the application when issued.

Online Registration and Fees

Registration for all courses is on a first-come, first-serve basis, so it is advantageous to register for a course early. You must visit the website at:

www.MonmouthCountyPoliceAcademy.com and click on the text titled

“Online In-Service Course Registration” to enroll in classes. Registrations by phone or fax are no longer accepted.

Registration fees for all in-service training courses are listed in this catalog and on the website.

CLASS FULL STATUS:

If a class you are interested in is in full status, you may continue to register to be placed on a waitlist for that class. You will receive an email advising if your status has changed from waitlist to enrolled. Only Officers who are successfully enrolled may attend a class being offered.

Cancellation Policy

Due to the high demand of the majority of the scheduled in-service training classes, it is the policy of the Monmouth County Police Academy that any course cancellation must be at least 48 hours in advance of the course start date. This will allow us the opportunity to backfill any open seats. If a cancellation is requested with less than 48 hours or the registered officer and/or agency is a no show, the sending agency may be invoiced for the full training fee.

Supervisor Approval

You must have your supervisor’s approval to attend any course offering at MCPA. Once obtained, only a designated Supervisor or Training Officer with registration privileges can enroll an officer for a course. All officers MUST have an active portal account to be enrolled in a MCPA course.

FBI courses

Prior to registering for an FBI course, please check the location where it will be conducted. Many FBI courses designate seats for Monmouth County, but the courses actually takes place at another Academy. Please take the additional travel time into consideration prior to registering for these courses.

Date changes

Before enrolling in a course, ensure that you are able to attend on the date listed on the Academy's website. In the event an issue arises that causes a change to the date of a course after this catalog is published, the course date will be updated online only. The course dates listed on the Academy's online in-service course registration section are the most up-to-date and accurate.

Academy Entrance Requirements for Basic Courses

- Background check - As required for Police Recruits by the New Jersey Police Training Commission, each trainee will have had a complete background check, including a fingerprint check by the New Jersey State Police Bureau of Identification and the Federal Bureau of Investigation, for clearance to become a law enforcement officer. Along with the background check, the following documents shall be submitted by the trainee's law enforcement agency to the Academy Director prior to the commencement of the trainee's training at the Academy.
- Application for Admission to Basic Course;
- Photograph;
- Statement of Affirmation; (Background / Fingerprinting completed)
- Statement of Affirmation for Psychological Evaluation;
- Trainee Agreement Statement;
- PTC Health History and Medical Certification Forms; and
- PTC Notice of New Appointment (Copy of Agency Submittal to PTC);
- NJ State Toxicology Laboratory Submission Form (Copy of Agency Submittal)

Medical Clearance

The Academy will no longer require that participants receive medical clearance prior to attending certain physically demanding in-service courses. It is strongly suggested that prior to attending any course that requires physical exertion, that the attendee consult his or her physician to ensure that they are healthy enough to participate in such activities. A waiver form will be required in order to participate in these courses.

Law Enforcement Officer Certification

Certification Requirements (N.J.A.C. 13:1-5.1) - A trainee shall be considered eligible for certification when, among other requirements, the Academy Director affirms that:

- The trainee has achieved the minimum requirements for examination grades as set forth in the Commission's Written Examination Manual, the minimum qualifying score as set forth in the Commission's Firearms Manual, and demonstrated an acceptable degree of proficiency in the subjects of defensive tactics and first aid/first responder.
- The trainee has participated in no less than 90 percent of the total subject hours in the curriculum that the Commission has approved for the course the trainee is attending.

Certificates

Certificates of completion will be awarded on the last day of instruction to individuals who successfully completed the course. Certificates are printed using the information that was submitted during online course registration. Please ensure that your information was entered correctly, and includes proper capitalization. The way it is entered online is the way your certificate will be printed.

Accidents while on County Property

In any incident in which a person is injured or may have been injured while attending an in-service course, a Monmouth County Incident Report must be completed with all necessary information. A copy must be placed in the Academy's Incident File and the original sent to the Insurance Department, Hall of Records.

ACADEMY GUIDELINES

Telephone Messages and Cell Phone Etiquette

Messages will be posted on the classroom door, to be picked up during breaks. Cell phones should be set to the silent mode or turned off during classes.

Smoking

Smoking is not permitted in the building. Designated smoking areas are identified. Cigarette butts shall be disposed of in the receptacles provided 25 feet from the building.

Military Vehicle Advance Training (MVAT)

Date(s): To Be Announced / Two-Day Course

Time: 8:30am-4:30pm

In County: None **Out of County:** None

Class Limit: 30

The Military Vehicle Advance Training (MVAT) is a two (2) day course given and instructed by the New Jersey Army National Guard Trainers. The 254th Training Regiment is based out of Sea Girt, New Jersey. The first day is classroom instruction at the Monmouth County Police Academy, and the second day is conducted at Fort Dix for field operations. Bring vehicles from your department or municipality.

The purpose of the drivers training is to train local, federal, state and county law enforcement of the proper ability and safe handling of military vehicles in which they are purchasing through the LEOSA program. This way they get the proper effective training through the Subject Matter Experts in those fields. This extends the life of the vehicle being received, ensuring safe operation of the vehicle and ensuring the drivers are proficient in the operation of the vehicle. By understanding the critical angles of a vehicle along with the knowledge of the vehicle capabilities we are giving these drivers the information they need to operate these vehicles on congested roadways along with soft roadways in an effective manner.

Reality-Based Street Fighting

Date(s): June 3 – 5, 2020 / Three-Day Course

Time: 8:30 a.m. – 4:30 p.m.

In County: \$25

Out of County: \$75

Class Limit: 25

This course is designed after numerous explorations of different techniques, both from standing and on the ground. All techniques were tested in real life, real speed combat. The moves that really worked were kept and the ones that did not were discarded. An officer simply must know how to fight from his/her back if knocked down, how to grapple and how to fight from the clinch. Ninety-six percent of all fights end up on the ground, yet officers do not train on how to fight from there. LAPD has trained ground techniques for the past 10 years, yet New Jersey is still woefully behind. We believe this is a progressive program that is a necessity for both recruits and regular law enforcement. All instructors regularly train in martial arts such as Judo, Jui Jitsu and Muay Tai Kickboxing. Students should report in physical training attire and gym shoes.

Note: The Academy no longer requires medical clearance prior to attending certain physically demanding in-service courses. The Academy strongly suggests that the attendee consult his/her physician to assure that they are healthy enough to participate in such activities. A waiver form will be required in order to participate in this course.

Self Defense For Female Law Enforcement Officers

Date(s): January 28, 2020 / One-Day Course

Time: 8:30 a.m. – 4:30 p.m.

In County: \$25

Out of County: \$50

Class Limit: 25

This course is designed after the overwhelming success of “Reality Based Street Fighting Techniques for Law Enforcement.” This course specialized in self-defense techniques for female officers. These techniques, if applied correctly, could enable a female officer to defend herself against a larger, more powerful opponent. We believe that knowledge of these techniques is as important as practicing firearms, as officers end up in grappling matches many more times than gun fights. We believe that these techniques are a necessity for all law enforcement officers. Students should report in physical training attire and gym shoes.

Note: The Academy no longer requires medical clearance prior to attending certain physically demanding in-service courses. The Academy strongly suggests that the attendee consult his/her physician to assure that they are healthy enough to participate in such activities. Bodies of water exist within all municipal jurisdictions. Whether it's a pool, lake, reservoir, river, or the Atlantic Ocean, these environments all too often generate hazardous calls for service where the first line of defense is often a police officer. This course was designed to educate and provide practical hands on experience(s) to the law enforcement officer on how to assess, react and respond to various water emergencies so that the objective is successfully completed, and equally important, the officer's exposure to risk is minimized.

A portal account is required to register for classes. To establish an account, return to the login page and follow the instructions for "How to Register for In-Service Classes". Advanced Identifying Fraudulent Identity Documents

This comprehensive, one day “hands on” advanced course is designed to assist law enforcement officers with the growing trend in the use of fraudulent identity documents. These authentic-looking “modern day” credentials that are available online have compromised nearly every security feature on their ID’s making them virtually “undetectable” and more sophisticated than “ID Chief” counterfeits of a few years ago. This course will instruct law enforcement officers the proper protocol to detect these fraudulent ID’s. Instruction will include methods to detect counterfeit driver licenses from all 50 states along with social security cards, green cards, Passports (US & Foreign) as well as International Driving permits, Canadian and Mexican documents. Special instruction includes how to detect altered documents (titles). Instruction will include appropriate 2C statute.

Conducted by: Joseph Vasil, retired Coordinator from NJ MVC Fraudulent Document Training Unit and former head the NJ Attorney General/MVC Document Fraud Taskforce in 2002.

Basic Narcotics School

This two-week Basic Narcotics School is designed for state and local law enforcement officers who are looking to enhance their investigative skills in regard to drug law enforcement. The first week of this two-week course concentrates heavily on classroom instruction and includes drug identification, current narcotics trafficking trends, informant development/handling, undercover risk management, drug pharmacology and addiction, raid planning and execution, concealed compartments, interviewing and interrogation, surveillance techniques, street survival, financial investigations and money laundering, clandestine lab safety, diversion investigations, technical operations, and a legal update. The second week of the course combines this classroom knowledge with numerous practical exercises, which are designed to place the student in realistic situations often encountered during narcotics investigations. All students are required to take a final exam on the last day of class to test their knowledge on all materials previously covered during the course. A minimum grade of 70 percent is required to successfully pass the course and receive a certificate of completion.

The course is offered to sworn full-time law enforcement officers who are currently involved or expect to be involved in active narcotics investigations.

Conducted by: U.S. Drug Enforcement Administration (DEA)

Basic Spanish for Law Enforcement

The Basic Spanish for Law Enforcement Course is designed to help law enforcement officers recognize basic terms needed when dealing with the Spanish-speaking community. The course will teach short phrases and short terms that will assist in obtaining pertinent information. This includes learning the alphabet, numbers, months, grammar basics, and information needed during an arrest, traffic stop, EMS and fire incidents. The course is a week long, and involves hands on training exercises and scenarios. This course was created by law enforcement officers and is taught by law enforcement officers.

Blue Courage: The Heart and Mind of the Guardian

Blue Courage: The Heart and Mind of the Guardian is an education process designed to ensure the development of a highly evolved police officer who is prepared at any moment to reflect the best of what policing demands. It is designed to forge a culture of leadership, character and service in the spirit of what democratic policing promises its citizenry. It is a process aimed at developing the right: Heartset, Skillset, and Toolset, enabling officers to meet the demands of modern policing.

Blue courage will be a transcendent process for individuals and organizations- its focus will be on developing the heart, minds, body and spirit of police officers that will endure for a lifetime and not just a career.

Conducted by: Peel Institute of Applied Policing

CODIS Overview and the New Jersey DNA Collection Program

An overview of the New Jersey DNA collection program with updates on the new law requiring DNA collection for certain disorderly persons offenses. In our two-hour presentation, we will cover the following:

1. Overview of the New Jersey and National CODIS Program and How it Can Help Your Agency
2. The Four Times DNA Collection is Required in New Jersey
3. Why CODIS and DNA Collection Should be a Consideration During Every Arrest
4. Demonstration on How to Collect a DNA Sample
5. Four Ways to Research if an Offender's DNA is Already in the Database
6. The Process When You Receive a DNA Hit Letter
7. Breakdown of the New Disorderly Persons Collection Law and the Process for Collection

Registration is via email to codisunit@njdcj.org with "CODIS TRAINING" in the subject box. Information needed includes session attending, agency, name and rank of officers, officer emails, and officer phone numbers.

You will receive a confirmation email. There is no charge for this Class

Communications Intelligence

Prosecutors and law enforcement expert witnesses frequently use cell phone records and data in building their cases. This session will help you learn about the importance of phone calls, geographic data, text messages, multimedia messages, voicemails, and Internet data such as emails, web traffic, and Internet Protocol (IP) data and how they can be legally obtained. Other topics can include how to interpret, analyze, map, archive, and present this data. You can also learn how to develop jury-ready presentations that take volumes of records and consolidate the data into a visual presentation that is easy for the jury to interpret. The course also shows presentation of this valuable data in an understandable form by an experienced testifier and expert witness utilizing instructions provided by the prosecution.

Conducted by: GEOCELL, LLC

Controlling Police Absenteeism

Uncontrolled absence can be costly to the municipality and abused by the officers. This one-day course will explore how to identify and document sick time abuse. Through the use of relevant case law, formulas, and a sample policy- the student will learn how to control it !

Conducted by: Retired Chief Robert Verry, C.P.M, M.A, M.B.A

Crisis Negotiation

This five-day course is designed to familiarize police officers with the current doctrine and theory of successful negotiation with individuals who are suicidal or in crisis, as well as criminal, mentally deranged and fanatic hostage takers. Instruction stresses the goal of approach in dealing with the hostage taker. Through the use of practical problems, all officers are exposed to negotiation situations during the course. Attendees should be patrol officers or detectives who will act as negotiators during actual crisis situations.

Selection should be based on the department's ability to identify personnel who are enthusiastic and highly motivated to become crisis negotiators.

Conducted by: Federal Bureau of Investigation, Newark Office

Crossing Guard Training/ TRAIN the TRAINER

The training will include crossing guard positioning and procedures, state and federal law and regulations, and hands-on practice to set up similar training for crossing guards in your community. This training is sponsored by NJ department of Transportation and NJ Division of Highway Traffic Safety with funding from the Federal Highway Administration, and by the New Jersey Municipal Excess Liability Joint Insurance Fund.

Conducted by: NJDOT/ NJ Division of Highway Traffic Safety

Current Trends in Document Fraud

This course will assist law enforcement (Patrol Officers as well as Detectives) with training that will enhance their ability to recognize and identify the universe of identity-related documents issued by and relied upon by the NJ MVC. With emerging technology it has become increasingly difficult to identify fraudulent documents. Students will learn what tools are available to assist them in identifying counterfeit documents by providing “hands on” training and experience in the recognition of fraud as it pertains to documents such as: driver licenses, redesigned 2017 permanent resident cards, redesigned 2017 employment authorization cards, “Next Generation” passports and Social Security cards. Participants will learn the newest trends in counterfeiting of identity documents by “on-line” manufacturers, which has become increasingly common due to the ease in obtaining access to previously unpublished document security technology. This course will also identify the differences between counterfeit and genuine NJ inspection stickers, temporary registrations and certificates of title.

In addition, this class will review facial recognition technology as it is used by the Motor Vehicle Commission on all images captured as well as the process that is used with the submission of a photo for a “manual upload”. Along with the instruction, the students will receive a booklet with the totality of the identity document safety features, a “cheat sheet” with the 50 states driver’s license ID features and an asset sheet listing all of the investigative support services available through the MVC to law enforcement for future reference.

Instructor: Mark Cushing (NJSP Ret.) is an investigator with the New Jersey Motor Vehicle Commission’s Fraudulent Documents Training.

Elements of Financial Crimes Investigations

This one-day course will provide an officer with the essential investigative foundation to conduct a financial crimes investigation in today’s technology driven society. The course will highlight core financial crimes including, but not limited to, embezzlement, mortgage fraud, counterfeit checks, credit card fraud, identity theft, power of attorney fraud, and document fraud. Attendees participate in the analysis of multiple present day financial crimes investigations case studies exposing them to the methods and trends utilized by modern day white-collar criminals.

Conducted by: The Rodgers Group

Follow the Money, Seize the Money, Secure the Money

DAY ONE: FINANCIAL CRIMES LAW AND CONDUCTING FINANCIAL CRIMES INVESTIGATIONS

Officers will gain an in-depth understanding of New Jersey's theft and forgery statutes while acquiring the tools needed to address today's white-collar criminals in a technology driven society. The officer will be introduced to a foundation of financial crimes investigative methods and trends utilized to engage in the crimes of embezzlement, counterfeit checks, credit card fraud, identity theft, power of attorney fraud, document fraud, insurance fraud and money laundering. Officers will be presented with multiple financial crimes case studies that will allow them to analyze the cases and determine the charges to file along with the investigative methods to obtain probable cause.

DAY TWO: METHODS OF LOCATING AND SEIZING HIDDEN ASSETS

Detailed preliminary discussion will center on the types of fraud, methods utilized to move currency and basic investigative measures to assist in identifying the flow of money and assets. Specific focus will be on the investigative measures for both narcotics and financial crimes cases detailing how to build a financial profile of your target(s) along with identifying assets of the individuals and organization. We will focus on forfeiture of assets/seizures of properties and bank accounts; various investigative databases designed to identify fraudulent activity, proactive and reactive investigative measures and the steps used to strengthen court testimony.

GRANT WRITING COURSE - Penn State University

It is undeniable that we are being asked to accomplish more with less direct funding. Successfully obtaining grants and foundation awards is a way to get funding needed for equipment, services, and staffing.

Our Grant Writing class is a hands-on program that will help participants gain the information and skill sets necessary to find, apply for, win, and manage grants and foundation awards. You will have an opportunity to develop and present a grant application with instructor feedback.

Registration directly with Penn State JASI Institute at JASI.PSU.EDU

Hidden Compartment Training

Trap Find, LLC has recognized an upward trend in the use of sophisticated, electronically operated, hidden compartments in motor vehicles to transport illegal contraband on our roadways. Trap Find LLC has also noted the lack of hidden compartment training currently provided to our LEO's. To better prepare our LEO's with identifying and interdicting these compartments during their searches, Trap Find has engineered a one-day class titled introduction to Hidden Compartment in Motor Vehicles. During this one day class, an officer will be provided with the insight he/she needs to successfully locate and access these hidden compartments. With this newly acquired knowledge, officers will see their searches become more thorough and their arrests become more significant. It is no secret that with these hidden compartments comes big dope and big money. So let Trap find, LLC show you the way to your first hidden compartment and first significant seizure!

High Impact Supervision

This is an intensive training program for law enforcement supervisors. The responsibilities and demands facing police supervisors are often daunting: new employees have different value systems, workplaces and communities are increasingly diversified and the expectation for problem solving has been pushed downward while the risk of liability has increased. In the middle of this mix stands the frontline leader. On his or her shoulders rests the responsibility for the success of modern policing strategies. As police environments, managerial practices, and effective policing approaches change, so does supervision. The High-Impact Supervision program offers intensive training in the skills that supervisors need most to manage capably in contemporary policing environments.

NJTR-1 Crash Form Refresher Course

Hosted by the New Jersey Local Technical assistance program (NJ LTAP) at Rutgers's CAIT, this free half-day course provides refresher training for law enforcement officers familiar with the NJTR-1 crash form. The course reviews common NJTR-1 errors for both passenger and commercial motor vehicle crashes and offers methods to improve the quality of data that safety colleagues rely on. Plan4safety software functions and the process of moving data from crash report to computer also will be discussed.

Conducted By: NJ LTAP at Rutgers CAIT

Photography for Law Enforcement

Basic Photography: Photography is the single most important element of any law enforcement investigation. In this course, students will be introduced to the components of a digital, single lens reflex camera and camera operations (shutter speed, Aperture, ISO). Students will learn to format an image, terminology, preservation of captured images, proper written documentation of photos, and tips for testifying about images. (Lecture only)

Basic Crime Scene Photography: Showing a fair and accurate depiction of the scene is paramount to photographic documentation. Students taking this full day course will learn the basic procedures of crime scene documentation via photography. Students will be shown how to use the on-camera flash, photograph evidence in situations with and without number placards, macro-photography of trace evidence in mock crime scene scenarios located indoors, and how to photographically place evidence into a crime scene for courtroom presentation.

Prerequisite: Basic Photography lecture course required.

Advanced Night Photography: In this advanced course, students will be introduced to complex photography skills including nighttime photography, documentation in daylight and darkness, oblique lighting skills, painting with light, multiple off-camera flash lighting techniques, how to use the flash, low light conditions, and timed exposures.

4 hours will be spent on nighttime photography, requiring students to adjust their hours accordingly. Photographic techniques will be practiced outdoors with and in vehicles at night. Prerequisite: Basic Photography lecture course required.

PREP: Police Response Enhancement Program

A Partnership for Change (APFC) is a NJ-based non-profit organization dedicated to ending intimate partner abuse through the provision of education and prevention programs. PREP is one such program that is offered to law enforcement professionals throughout the state, and new funding has allowed us to bring PREP to Monmouth County.

The goals of PREP are to:

- Help police officers to identify and respond to the needs of victims
- Improve law enforcement officer's communication with victims
- Reduce the repeat domestic abuse incidents within the same household
- Connect victims to critical support services

IMPORTANT: PREP is NOT a technical legal training. PREP is a program that addresses the issue from a victim's perspective; provides participants with practical tools and information for effective intervention; and offers resources for support.

Note: Each four (4) hour class fulfills the mandatory AG requirement for domestic violence training. **FREE of charge.** Materials, certificate and light refreshments provided.

Conducted By: A Partnership for Change (APFC)

Pro Active Police Supervision

This is a three (3) day seminar designed for Sergeants and Lieutenants assigned as patrol supervisors. This course focuses on the operational aspects of first line supervision with special emphasis on those likely supervisory challenges one may expect to encounter. It fuses the actual practice of law enforcement with its theoretical foundation by integrating relevant New Jersey case law, court rules, statutory law and Attorney General Guidelines. Included are reviews of Supervisory Responsibilities, Investigative Stops/Detentions, Identification Issues, Municipal ordinance Enforcement, Summons/warrant Criteria, Civil Liability, AG Guidelines, Ministerial/Discretionary Acts, Emergency Response Driving, Fire Scene Authority, Bounty Hunters, Election Law, Civil Repossession, Sovereign Citizens, Workplace Harassment and Risk Management. The course is recommended for recently promoted first line supervisors; for veteran supervisors in search of substantive procedural review; and for those police officers anticipating promotion from existing promotional lists.

Safe Schools Resource Officer Training

NJASRO is a non-profit organization which was created to provide a network of communications and to update training for our state School Resource Officers, Probation Officers, School Administrators, and Educators. This organization strives to distribute, share advice, and coordinate information on the value of teaching elementary, middle, junior high, and high school students on the principles of good citizenship and community responsibility. The organization also works to reduce school violence and drug abuse and increase School safety by enforcing any violations of the law occurring on school property, and by introducing programs which promote and enhance acceptable social behavior. NJASRO is rapidly expanding its outreach to the public and private sector, and the Center for School safety will revolutionize the way we share information with those who care about the safety and security of our educational institutions.

Conducted By: NJ Association of School Resource Officers (NJASRO)

Traffic Incident Management

All first responders should attend this training, which is presented in conjunction with the Federal Strategic Highway Authority, to increase the understanding of roles and responsibilities for all first responders. The training will provide students with substantial, multi-disciplined and consistent traffic incident management program which promotes first responder safety, safe and quick clearance practices and prompt, reliable incident communication. The four-hour block of instruction will cover all levels of response to incidents including guidelines, fundamentals and terminology, notification and scene size-up, scene safety, risk management, traffic management, special circumstances, clearance and termination.
