INTRODUCTION

Whether you are looking to begin your law enforcement career or take it to the next level, the Monmouth County Police Academy provides modern education and quality training to assist you. Today's law enforcement officers are highly trained and well equipped to meet the needs of the communities they serve. The Director, academy staff and instructors work tirelessly to ensure programs, education and training are current and of the highest quality.

The Basic Course for Police Officer, Special Law Enforcement Officer, County Correctional Police Officer and County Park Ranger training programs are the first step to becoming a law enforcement officer. The Monmouth County Police Academy provides a solid foundation of knowledge, skills and abilities to make an immediate positive impact within the profession. Successful completion of the basic course requires trainees to put forth maximum effort and tests whether they have what it takes to become professional and effective law enforcement officers. Basic training is not easy- it is not intended to be easy.

In addition to basic training, the Academy provides in-service education and training to veteran police officers. The many courses offered annually help advance skills and provide specialized training. In-service courses also develop leadership skills and produce instructors needed to effectively manage personnel and organizations.

The Monmouth County Police Academy takes pride in that it has certified and trained thousands of professional police officers, leaders and managers.

All instructors should have appropriate teaching materials and be well versed in their field of instruction. All instructors will conduct themselves in a professional, courteous manner and maintain a safe and controlled classroom environment.

MCPA holds all instructors to the highest ethical standards and reserves the right to remove an instructor for violation of any code of conduct while here at the academy. The academy follows the New Jersey Police Training Commission's Standards of Conduct for Instructors, which can be viewed on their website, (www.njptc.org)

As part of this agreement, the Monmouth Police Academy will provide a safe, clean, fully functional training facility for both classroom and practical scenario training. Any inquiries or special requests regarding classroom or equipment matters should be forwarded to academy staff for consideration and handling.

Any adjustments or revisions to this agreement will be at the discretion of the Academy Director Terance Mahon.

History and Tradition of the Monmouth County Police Academy

Recognizing the need for professional, well-trained police officers, the Monmouth County Board of Chosen Freeholders, in cooperation with the Monmouth County Police Chiefs Association and the Monmouth County Prosecutor, established the Monmouth County Police Academy in 1963. The Police Academy opened at its current location in 1985 and became a division of the Monmouth County Sheriff's Office in 2011.

The Academy conducts basic training courses for regular police officers, Class II Special Police Officers, Class I Special Police Officers, County Corrections Officers and County Park Rangers. The Academy also conducts and/or hosts in-service training courses for veteran law enforcement officers. Additionally, the Academy hosts outside instructors and companies to provide the best national and international programs for the local law enforcement community.

The Monmouth County Police Academy prides itself in being recognized as one of the premier regional law enforcement training facilities anywhere. Thousands of police officers from New Jersey and other states have undergone basic training, and in-service training, at the Academy and have continued on to distinguish themselves with pride, professionalism and integrity during their respective careers.

Mission Statement

The Monmouth County Police Academy is the only Police Academy in the State of New Jersey to receive the Gold Standard in Public Safety from the Commission on Accreditation for Law Enforcement Agencies (CALEA).

The Monmouth County Police Academy offers basic recruit classes for many branches of law enforcement; we offer a wide variety of in-service training to meet the needs of the law enforcement community and prepare both recruits and seasoned officers to meet the challenges of today and tomorrow.

Our mission is to provide the most knowledgeable, experienced staff to deliver the latest in training and technology to our recruits and in-service clients in a professional manner.

Professionalism, Character, Pride and Leadership are key words in our daily activities as we strive to develop and strengthen the mind and body of both the recruit and the veteran officer.

Emergency Contact Information:

- The Monmouth County Police Academy is located at 2000 Kozloski Road in Freehold Township. The main phone number is 732-577-8710 and the fax number 732-577-8722.
- Incoming calls to Academy trainees should be restricted to emergencies (illness, accident, death, etc.). Emergency messages will be delivered to a trainee immediately. For basic courses, the Platoon Leader will check the bulletin board during the breaks and deliver the messages to the trainees.
- Important note: If a trainee needs to telephone the Academy to report any lateness, absence, emergency or other problem, and is not able to speak to someone in person, the trainee shall leave a message on the Training Officer's telephone answering system. The trainee shall then contact his/her Squad Leader or Platoon Leader who will ensure a personal notification to the Academy at the earliest opportunity. In addition, the trainee shall contact his/her respective agency.

Emergency Closings

There may be times when an emergency, such as severe weather, fire or a power failure, disrupts normal business operations of Monmouth County government. While the County of Monmouth has essential facilities and operations that operate around the clock, it may on occasion be necessary to close or delay the opening of other non-essential offices and operations.

A closure, early closure or delayed opening may be implemented to provide additional time to facilitate the clearing of roads, parking lots and sidewalks for employee and public access to County facilities.

If County Administration makes a decision to close or to delay opening of County operations, applicable information will be posted on the County website, intranet and social media accounts. Also, County Administration will ask local radio stations to announce the closing.

COVID - 19 Police Academy Protocol

The Monmouth County Police Academy follows the direction of the New Jersey Health Department, Monmouth County Health Department and the CDC Guidelines, which establishes our daily Covid - 19 Protocol. Covid-19 policies and procedures are in place to ensure a safe learning environment for attendees, instructors and staff.
